

MK3/4 SCROLL OUTLINE

End of 3rd
segment

End of 1st
segment

Please note: 4th segment goes beyond the size of this paper. Ending scroll is approx. 10" diameter. Size is approx. as the type of metal used (flat strip, solid round rod, or solid square bar) will have different amounts of "spring back" of material.

MK3/4 Scroll Bender:

Scroll formed using 1" x 3/16" flat strip metal.

Approx. overall scroll diameter 10".

Approx. total material used 43".

End of 2nd
segment

1" mark
